An average house's rooftop generates more than 24,000 gallons of runoff every year! That's rainwater that you could be harvesting to water flowers or vegetables.

Register online at www.cuyahogawcd.org/events or contact Rocky River Watershed Program Manager Jared Bartley at 216-524-6580 x1003.

Rain Barrels harvest rainwater for all your garden needs and combat Stormwater Pollution in your community! Each workshop participant will construct a 60-gallon rain barrel to take home. A barrel, downspout diverter and all materials are included.

Registration required by May 11.
