Save the Rain for a Sunny Day!

An average house's rooftop generates more than 24,000 gallons of runoff every year! That's rainwater that you could be harvesting to water flowers or vegeta-

Rain Barrels harvest rainwater for all your garden needs and combat Stormwater Pollution in your community! Each workshop participant will construct a 60-gallon rain barrel to take home. A barrel, downspout diverter and all materials are included. **Registration deadline is April 13.**
