

It's Not Hard To Have A Healthy Yard

**Don't guess...
Soil Test.**

**Fertilize sparingly
and carefully.**

**Mow high and
let it lie.**

**Plant right for your
site. Go Native!**

**Compost leaves
instead of bagging or
throwing them in the
street or stream.**

**Water lawn deeply
and infrequently.**

**Leave a vegetated
area by your
stream edge.**
