

Storm Water

Slow It Down, Spread It Out, Soak It In

**Keep your water
on site.**

**Install a rain barrel.
Collect water coming
off your roof to be
used in your yard
or garden.**

**Plant a rain garden.
Capture and filter
storm water runoff
from rooftops and
driveways by planting
an attractive,
landscaped area with
native plants.**

**Install a filter strip.
Use flowers, grasses,
trees or shrubs to
filter water flowing
across your yard.**
