

Please support the Cuyahoga County Envirothon Teams

Transportation for the 2019 Area II Regional Competition and fall training

2019 Area 2 Envirothon Competition

What is the Envirothon?

The ENVIROTHON is designed to stimulate, reinforce and enhance interest in the environment and natural resources among high school students. A competitive outdoor team event, the Envirothon offers a unique and enjoyable learning experience. A team consists of 5 students, all from the same high school. The 2019 Area II Regional Envirothon Competition will be held on April 25th 2019 at Camp Beaumont in Ashtabula County. The Top 4 teams will qualify to compete in the state competition.

2019 Cleveland Area Envirothon Training Sessions

Cuyahoga Soil and Water Conservation District will be sponsoring Pre-Envirothon Training/Education Session for Envirothon Teams looking to sharpen their skills before the Regional Competition.

Each of the training sessions will address the current environmental issues theme for the 2020 competition (TBA) as it relates to the topic. Sessions will include a 30-minute presentation by a resource specialist, followed by a 10-minute quiz that will test student knowledge of the session's topic. The resource specialist will then present the answers and take questions as time permits. In addition to teaching students about soils, wildlife, etc... the resource professionals are happy to share their knowledge and experience with careers in natural resources.
