

Native Plant Garden Installation

**Saturday,
Sept 25, 2021**

9:00 AM - 12:00 PM
Drop in anytime and help
for as long or short as you
want

**Lee Burneson Middle
School**
2260 Dover Center
Westlake, Ohio 44145

Volunteer with us!

Come learn about the many
benefits of native plants as
we build a rain garden and
native plant gardens.

In addition to feeding butterflies, birds, and bees, **Native Plants** help filter pollutants from rain water and provide important stabilization to prevent erosion. Come help add native plants to a new pollinator garden and rain garden in an outdoor classroom setting.

Register online at www.cuyahogawcd.org/events or contact Watershed Program Manager Elizabeth Hiser at 216-524-6580 x1002 or ehiser@cuyahogawcd.org.
