Save the Rain for a Sunny Day!

An average home's rooftop generates more than 24,000 gallons of runoff every year! That's rainwater that you could be harvesting to water flowers or vegetables.

Register online at www.cuyahogawcd.org/events or contact Euclid Creek Watershed Coordinator Claire Posius at 216-524-6580 x1004.

Rain Barrels harvest rainwater for all your garden needs and combat Stormwater Pollution in your community! Each workshop participant will construct a 60-gallon rain barrel to take home. A barrel, downspout diverter and all materials are included. Registration deadline is September 8.
